Central PA Humane Society Adoption Application

Congratulations! You are beginning a process of bringing a life-long companion and family member into your home. This application is designed to help you select the dog, cat or other animal that is best suited to your family and lifestyle. **COMPLETING AN APPLICATION DOES NOT GUARANTEE AN APPROVAL FOR ADOPTION. MULTIPLE APPLICATIONS MAY BE PLACED ON THE SAME ANIMAL AND WE DO NOT PROCESS THEM ON A FIRST COME, FIRST SERVE BASIS. ALL APPLICANTS ARE GIVEN EQUAL CONSIDERATION.**

HERE ARE THE STEPS ALL POTENTIAL ADOPTERS COMPLETE:

- Since you are interested in adopting a new companion to your home we require that you complete some paper work. This process includes asking questions, asking to see proof of identity, verifying address information (including landlord permission if you rent or proof of home ownership), and checking veterinary records if you have any other animals at home. All pets must be spayed or neutered and current on rabies and distemper vaccinations. This is simply to protect the health of adoption candidates and any pets you might already have.
- **There is a non-refundable \$5.00 application-processing fee for processing your application.**
- *The adoption process generally takes 24 to 48 hours, but may take longer if more information is needed.* We require that all family members, including all children and other pets from home meet with the adoption candidate to ensure compatibility. An Animal Care Attendant will fill you in on any history we have of the pet, if there are any special needs of the pet, and address any questions that you have.
- At adoption you will be asked to complete an adoption contract and pay an adoption fee. Our fees are as follows:

DOGS

\$80 + \$90 Spay/Neuter = \$170 Entire Package Includes:

One-yr. Rabies Vaccination, Parvo/Distemper/Bordatella Vaccination, Deworming, ID Tag and Adoption AND Spay / Neuter Fee for surgery performed with our veterinarian, OR Spay / Neuter Deposit refundable upon proof of surgery by your veterinarian.

\$80 Package for Dogs Already Altered Includes:

For dogs already spayed or neutered (proof required), package includes all other items listed above.

CATS

\$50 + \$90 Spay/Neuter = \$140 Entire Package Includes:

FELV/FIV Test, 1-yr. Rabies Vaccination, FVRCP Vaccination, Deworming, and Adoption AND Spay / Neuter Fee for surgery performed with our veterinarian, OR spay / neuter deposit refundable upon proof of surgery by your veterinarian.

\$50 Package for Cats Already Altered Includes:

For cats already spayed or neutered (proof required), package includes all other items listed above.

RABBITS: \$10.00 to \$30.00

OTHERS: \$5.00 to \$15.00 and up (some exotics can be more expensive)

PLEASE NOTE: AS A RULE WE CANNOT HOLD ANIMALS FOR ANYONE. PLEASE KEEP IN MIND THAT THERE IS NO SUCH THING AS THE "PERFECT PET". Any adopted animal will require training, patience and ample time to adjust to their new home. While we carefully monitor animals surrendered to CPHS, we have limited knowledge of their backgrounds. Therefore, we cannot guarantee the health, behavior, age, gender or breed of any animal adopted from the shelter including any health care.

I acknowledge the information on this page and agree to the fees noted above.

I understand that I must supply all vaccination and health records for my pets to CPHS within 24 hours for consideration of my application. Failure to comply within 24 hours may result in revocation of my application. I am aware that prior to placement of a pet from the CPHS, my currently owned pets, for their protection, must be up-to-date on needed vaccinations including rabies and distemper.

_____ Initial as acknowledgement

6. Why are you interested in adopting a companion animal? _____

7. The CPHS believes that adoption is forever, for the lifetime of the pet. Pets can live 10 to 20 years. Do you believe you are prepared to provide daily care (time and expenses) for this many years? Yes No
8. I want my new dog or cat to be: (check all that apply)
Inside Outside Hunter/Mouser A Guard Dog
Enthusiastic Playful Laid Back Other:_____
9. How many adults live in your home? _____ Children? _____ Ages of children _____

21. Is anyone living in your household allergic to dogs and/or cats? YES NO
If yes, then who? _____
22. If at some point a person can no longer care for their adopted pet, they are required to return the pet to the CPHS. This way the pet may be re-adopted to another qualified family. By my initials, I understand this will be part of the adoption contract. Initials _____

23. Pennsylvania State Law requires that all dogs and cats that are three months of age or older receive regular vaccinations against rabies. We urge the other following precautions:

- The pet must receive an annual distemper vaccination.
- The pet should wear at all times a safety collar with current identification information and rabies tag.
- How do you feel about these responsibilities? _____

In 2008, nearly 5,000 animals were surrendered to the CPHS because they were lost, abandoned, neglected, or unwanted. Simply put, there are not enough homes for all dogs and cats born in this community each year. To curb the problem of pet overpopulation, Pennsylvania State Law requires that all animals adopted from shelters be spayed or neutered within a specified period of time.

24. How do you feel about spaying or neutering your adopted companion? _____

CPHS STANDARDS FOR ADOPTION

- All persons living in the household are to be involved in the selection of the pet.
- All adopted pets must be spayed or neutered by the date entered on the Adoption Contract and always be current on vaccinations and rabies inoculations.
- No animal will be adopted as a gift for another person.
- According to the Pennsylvania State Laws, all dogs must be kept under control and cannot be allowed to run at large, so as not to create a public health and safety problem.
- Cats are to be indoor pets only.
- No animal will be adopted to persons having an extensive history of losing, giving away, selling, or having animals injured or killed by moving vehicles.
- Animals that are known to have exhibited vicious tendencies or other serious behavioral disorders are not available for adoption.

I AGREE TO THE ABOVE CONDITIONS AND WISH TO ADOPT A COMPANION.
