

**“ SPAY DAYS IN CENTRAL PA ”
APPLICATION FOR PARTICIPATION**

SPAY DAYS IN CENTRAL PA is a low-cost spay/neuter program offered by the Central Pennsylvania Humane Society in conjunction with participating veterinarians and citizens concerned about the desperate problem of companion animal overpopulation in our area. The program is designed to offer some financial support for loving, responsible pet owners who are not financially able to afford the entire cost of surgery. If you feel that you are in such a low-income bracket and think you might be eligible for assistance, please fill out the following information and return it to: CPHS Spay Days

PO Box 674
Hollidaysburg, PA 16648

Completion of this application does not ensure eligibility for participation.

Each application will be followed-up with either a telephone or personal interview from one of our committee members. If you are eligible, you will receive a *Schedule I Certificate* for surgery in the mail and will then need to follow directions accompanying the certificate. Do not make an appointment for surgery with the intention of utilizing this discount until you have received a certificate in the mail. No applicant is guaranteed eligibility for mere completion of application. Please allow at least three weeks for your application to be processed. Certificates will be issued, as funds are available. It is essential to the continuation of your program that those receiving certificates could otherwise not afford to have their pet spayed or neutered. CPHS reserves the right to discontinue this program at any time due to a lack of funding. Thank You!

Name _____ Date _____
Address _____
City _____ State _____ Zip Code _____
Home Phone _____ Work Phone _____

Please explain why you feel you are eligible to participate in this program, which is designated to target low-income pet owners. _____
