

## Members Make a Difference for Shelter Animals Every Day

It is with your support that the Central PA Humane Society (CPHS) can provide services to nearly 2,000 animals every year. We refuse no animal and our ability to continue helping animals comes solely from membership, donations and fundraising.

We receive no funding from any state or national humane society or government agency. All of this financial support stays right here in Central PA to:

- Adopt stray and owner-surrendered pets into their new forever homes
- Reunite lost pets with their owners
- Investigate and prosecute incidents of animal cruelty
- Sell Blair County & City of Altoona dog licenses
- Rent traps for capture of feral cats
- Perform private euthanasia and cremation services
- Offer low cost spay/neuter through our *Spay Days* program
- Target Trap Neuter Return (TNR) for feral cat colonies
